Vacation Bible School & Youth Camp

In July, on the mainland, we were privileged to be a part of the national Vacation Bible School in Athens, as well to be the guest speakers of the national Youth Camp in Kalamos. We taught the girls and boys in split sessions during the day, and I preached the night services. Most of the youth attending camp had never heard the Truth. The Lord moved in a mighty way in both VBS and Youth Camp, and several children and youth received the Holy Ghost, for which we rejoice in

Jesus' name!

While we were in Athens for a Sunday service, a precious couple who were formerly Hindu received the Holy Ghost and were baptized in Jesus' Name!

Back on Crete . . .

Ladies' Meeting

We held a ladies' meeting at the church in Heraklion. Several guests from other religious backgrounds attended in addition to the regular attendees, and many were touched.

Chania

Mid-July we traveled to the city of Chania, about two-and-a-half hours west of Heraklion, to meet with 15 people who are hungry for God. I led a Bible study and we were able to pray with all of them. We have faith that God will open the door for them to obey the Gospel of Jesus Christ.

Graffiti Gone!

The outside walls of the church in Heraklion were covered with graffiti. We turned Liliana loose with a paintbrush and gave the church a fresh look!

Looking Ahead

As we prepare our hearts to return to the United States in a few days, please help us pray that the right doors will open in God's time for our return to Greece.

Thank you for all of the prayers and financial support. Please continue to pray for us and for the lost souls of this nation! May God richly bless you for your involvement in His Kingdom.
