

## God Is Opening Doors!

The lockdown restrictions are lifting in stages and churches are allowed to meet. However, with current space restrictions on religious gatherings being more strict than any other institution, we could have no more than 4 people in our church building. Parliament is also passing this week that the government can permanently shut the doors of any entity that violates the guidelines. Under these circumstances, we are not able to use the church building and we are looking for alternative ways to meet. Please help us pray these restrictions will change. We know God is able!

As the restrictions are lifting, we have been able to get together again with the contacts we have made throughout our time in Cyprus. I was able to have a wonderful Bible study with a dear friend which led to a biblical phone discussion with a local religious leader! We are so thankful that God is moving in the hearts of this family and we are excited about what God is going to do in their lives. We also have begun new relationships with people in our neighborhood that are leading to spiritual discussions. It is evident that God is working in so many hearts right now. These are very significant things for the people of this culture.

Thank you for your continued prayer and support! Please pray: 1) that God will continue to stir the hearts of the people for whom God is opening the doors for us to teach the Word, and 2) for God to open doors that are shut right now. We value your prayers as we depend on God to lead us in reaching these people!
